

Alexandria Gazette.

THURSDAY EVENING, APRIL 24, 1902

LOCAL MATTERS.

Sun rises tomorrow at 5:18 a. m. and sets at 6:52 p. m. High water at 9:15 a. m. and 9:35 p. m.

WEATHER PROBABILITIES.—For this section fair tonight and Friday; light northerly winds.

THE FISHERY.—The change in the weather from an oppressively high to a more comfortable temperature has been hailed with delight by fish dealers. The receipts at this port have materially fallen off since yesterday, although many fish are passing up to Washington, and the fact that the country demand is more pronounced at present than at any other time this season has caused considerable discomfort to shippers. Prices this morning for herring were about one dollar per thousand and higher than yesterday. They were quoted at \$3.4. Shad were \$10.20 per hundred. Some of the Alexandria fish is confidently affirmed, will "cut out" by the end of the week, the season having been far from propitious for them. In a few cases money has been lost by the operators of the boats. Considerable work is being done in progress at Fish-town, but conditions, as yet, are far from satisfactory. It is said that fish are becoming very numerous farther up the Potomac. In the neighborhood of this city the gilliers are catching shad and herring freely.

T. P. A.—The official programme for the State Convention of the Travellers' Protective Association which meets in this city tomorrow has been received by the officers of the local post. The convention will be in session for two days, and the division of time is to be as follows:

Friday—Opening exercises, 10:30 a. m., to 1 p. m.

Adjourn for lunch.

Meeting at 2:30 and visit places of interest in Alexandria until 4 p. m.

Business session, afternoon, 4 to 7 o'clock.

Barquet, 8:30 p. m. Senator Daniel, Congressman Kiley, Lamb and Swanson are expected to be present and make speeches.

Saturday—Business session, 9:30 a. m. to 12:30 p. m.

Lunch in rooms from 12:30 to 1:30 p. m.

Met at 1:45 and take trolley rides to Mt. Vernon and Arlington Heights.

Evening—Those who remain over will be divided into squads as desired, and placed in charge of committees to visit places of interest in Washington.

COMING VACANCY.—The term of Capt. Herbert Bryant as Police Commissioner from the Third ward will expire on August 1st. He has been a member of the board since its organization in 1895, and during his incumbency has faithfully and conscientiously performed the duties devolved upon him. It is reported that he will decline to submit his name before Council for re-election, although many of his friends are urging him to do so. During the years he has served the city frictions and issues have occurred in which the board has often been brought into prominence. There were probably mistakes made by all parties, and the parts taken by Captain Bryant and the parts taken by the board, were actuated by honest convictions, and those who desire him to remain on the board have been satisfied that he has always moved in the direction he believed was best for the city, regardless of personal preferences.

THE WEATHER.—Alexandria was the hottest place in the United States during the past two days. Early yesterday morning the mercury stood at 71. By 10 o'clock in the morning it had risen to 78. At noon seven degrees had been added to that figure, and by 6 o'clock 88 degrees had been reached, the highest temperature registered yesterday in the country. In the afternoon clouds were apparently forming in the western heavens, but they were later dissipated and all indications of rain vanished. About 6 o'clock in the evening the temperature began to fall. By 8 o'clock it had sunk to 80 degrees. Two hours later it was six degrees lower, and it continued to sink during the night. A strong northwest wind lessened the heat and bore out the prediction of the Weather Bureau that cooler weather was due. Fair and much cooler is the forecast for today, and Friday is to be fair with fresh northwesterly winds.

ANNIVERSARY.—Mr. and Mrs. Caleb Burnell celebrated the 25th anniversary of their wedding at their home, 309 south Lee street, last night. A reception to a number of their friends and acquaintances was tendered which began early in the night and continued until about eleven o'clock. The host and hostess were exceedingly pleasant throughout, and the occasion was characterized by the most delightful and other features which added greatly to the enjoyment of the occasion. The collation had been prepared with much care, and all the delicacies of the season were in abundance. Among the guests were a number of the friends and acquaintances of Mr. and Mrs. Burnell from Washington.

TO ATTEND CHARITIES CONVENTION.—Gov. Montague yesterday appointed the following delegates from Virginia to attend the National Conference of Charities and Correction, to be held at Detroit, May 28 to June 3, 1902: Mr. George B. Davis, Richmond; Capt. W. A. Bowles, Staunton; Rev. H. W. Battle, Petersburg; Hon. W. W. Baker, Manchester; Hon. S. L. Lupton, Winchester; Hon. J. C. Parson, Franklin; Mr. Basil T. Gunter, Accomac; Judge Thomas H. Wilcox, Norfolk; Mr. R. L. Dibrell, Danville; Mr. W. M. Addison, Richmond; Mayor George L. Simpson, Alexandria.

WEDDING.—Miss Maude Elizabeth Butts, daughter of Mr. and Mrs. Calvin Butts, and Mr. B. Frederick Dietrich were married last night. The ceremony was conducted at the residence of the bride's parents, 425 north Columbus street, and was witnessed by a number of relatives and friends. Rev. John Cavanaugh, pastor of the Free Methodist Church, officiated. After the ceremony a reception was held. The couple will reside in this city.

CONCERT TONIGHT.—The concert to be given at the Opera House tonight for the benefit of the Baptist Church promises to be a very pleasant and successful affair. The names of those who will participate have heretofore been published in the Gazette. They are from this city and Washington and are all well known in musical circles.

POLICE COURT NOTES.—Four cases occupied the attention of Mayor Simpson in the Police Court this morning. Each involved momentous questions. The first was that of Mat. Williams, who was charged with stealing a hat belonging to William Geary and selling it to a second-hand dealer. The plaintiff, it appeared, was a lodger at the station house Tuesday night, as was also Williams. The latter, it was charged, acting on the principle of cheap lodging houses, "that the first up in the best dressed" took the hat and disposed of it. Williams indignantly denied the charge, and with much vehemence asserted that Geary had sent him to the dealer to sell the cap and the plaintiff soon spent the 35 cents obtained in whiskey. The Mayor fined Williams \$5. He had left \$10 collateral, and was given \$5 change.

The second individual placed in the dock was Richard Pines, colored, who was charged with appropriating to his own use a game rooster belonging to Alphonse Arrington. The ducky arrested him and purchased the fowl of a white boy. The court was not satisfied with his defense and imposed a fine of \$5, with the understanding that were it not paid the delinquent would serve twenty days on the chain gang.

The next person with a grievance was Daisy Barney, a colored girl, who had had a female of her own color arrested on the charge of stealing a washboard. The evidence showed that the defendant had borrowed the board and that it had been broken while in use. It had been repaired by the borrower and returned to the owner. Of course the accused was dismissed.

The last case of litigation was brought by a youth with an epidemic the color of a new brogan. He had been negotiating with a bootblack with the object of buying out the goodwill and fixtures of an old-established institution. The owner of the business was about to change his mind and the complainant invoked the law to intervene in his behalf. The mayor asked if there had been any written agreement and was answered in the negative. The plaintiff stated that he had paid \$2 toward commencing the deal. The case was dismissed, the would-be litigant being told to recover the first installment of the purchase money.

RIVER NOTES.—A large number of small crafts are now seen on the river, but most of them are running fish and a few, oysters. More lumber-laden vessels have passed up during the past few weeks than have been noticed for several years. Most of them bring material for the new railroad bridge across the Potomac.

The steamer Newport News on her way up from Norfolk last night passed a large oil-tank barge bound to this port. The barge Experiment, from Philadelphia, with coal to W. A. Smoot & Co. arrived this morning in tow of the tug Sandow. The schooner Leroy is loading lumber at H. K. Field & Co's wharf for Indian Head.

WILL MOVE IN THEIR NEW HOME.—Mechanics' Lodge, No. 3, Knights of Pythias, will move into their new hall, on south Fairfax street, tonight. There will be a sort of housewarming on that occasion, and preparations have been made for a pleasant affair. Several grand officers will be present and some entertaining speeches will be delivered. Mechanics' Lodge is one of the oldest Pythian organizations in the State. It was organized in Phoenix Hall, northwest corner of King and Royal streets, in 1888. During its history it has had on its rolls numbers of the representative members of the community.

BURGLAR IN THE HOUSE.—Some excitement was caused in the southern portion of the city between one and two o'clock this morning by several pistol shots which awakened a number of people and brought others into the street. It seems that Hugh Deavers, who lives on the east side of Washington street, near Gibson, was awakened by a noise in the house and when he started to rise from his bed he saw a man in front of him. The intruder retreated and left the premises, not, however, until Deavers had fired several shots at him.

PROPERTY SALES.—M. B. Harlow, trustee, has sold to J. W. Edwile a house and lot on the south side of King street, east of Fayette.

J. K. M. Norton, special commissioner, has sold to J. G. Graham a house and lot on the west side of Alfred street, between Cameron and Queen, for \$350.

Harry Wheat et al. have sold to J. K. M. Norton and L. C. Barley a house and lot on the west side of Union street, between Prince and Duke.

PERSONAL.—Mrs. Mary Franklin, of Alexandria, is the guest of friends in this city. [Frederick-burg Lance. Mr. Willoughby Reed, teacher of elocution at the Episcopal High School, will be a member of the faculty of the Richmond Female Seminary next session. Miss Carrie Blondheim has returned to her home in this city after a four-months visit to Tusculum, Ala.

WOODS BURNING.—For several days past fires have been burning in portions of the woods south of New Alexandria. They got beyond control today and destroyed the wooden platform at the Dyke, on the electric railway. The brisk northwest wind of this morning fanned the flames considerably, and later in the day the fire in some portions of the dense woods in that locality was making great havoc.

MAGNIFICENT PICTURES.—A special feature of the entertainment to be given tomorrow night at the Opera House for the benefit of Sarepta Lodge, No. 46, I. O. O. F., will be a series of life-like and realistic pictures reproduced on a large canvas screen by calcium lights of a trip through the late Pan-American Exposition. The scenes will be described by the lecturer in an instructive manner.

THE MINSTRELS.—Harry Ward's Magnificent Minstrels will be the attraction at the Opera House Saturday night. Every member of this company is an artist, including such well known people as Harry Ward, Geo. Wade, Van Fossen and McCauley, Ragtime Comedians, the marvelous Kibbit and Murphy and Mason and fully thirty others of equal merit.

LOCAL BREVITIES.
The Alexandria Light Infantry visited the Masonic fair in Washington last night.

The Girls' Friendly Society of Christ Church will hold a festival in the Parish Hall tomorrow (Friday) evening from 4 to 9 o'clock, for the benefit of the Alexandria Hospital. Ice cream, cake, caramels, etc., with a few fancy articles will be sold. There will be an exhibit of the work done by the girls for the infirmary during the year. No charge will be made for admittance.

The Methodist Protestant Church of this city will celebrate its seventy-third anniversary next Sunday. It was organized April 23, 1829. Dr. Henry C. Cushing, of Prince William county, Va., who was licensed by the quarterly conference of this church, will preach at both services.

The brick wall in the rear of the residence of Mr. F. F. Mearby on Prince street, between Royal and Pitt, fell last night, about 10 o'clock, with a crash, but did no damage. Fine fresh fish will be again for sale in market tomorrow by Mr. Robert Travers, who always has the best varieties that can be found.

A little child was bitten by a dog on north Fairfax street yesterday. Officer Young subsequently killed the animal.

Out this out and take it to Richard Gibson's drug store and get a free sample of Chamberlain's Stomach and Liver Tablets, the best physic for cleansing and invigorating the stomach, improve the appetite and regulate the bowels. Regular size, 25c. per box.

Shot in His Left Leg.
For all kinds of sores, burns, bruises, or other wounds DeWitt's Witch Hazel Salve is a sure cure. Skin diseases yield to it at once. Never fails in cases of piles, itching and healing. None genuine but DeWitt's. Be wary of counterfeits. "I suffered for many years from a sore caused by a gun shot wound in my left leg," says A. S. Fuller, English, Ind. "It would not heal and gave me much trouble. I used all kinds of remedies to no purpose until I tried DeWitt's Witch Hazel Salve. A few boxes completely cured me." For sale by E. E.
